**Church of Tunstall: St John the Baptist**

NOTICE IS GIVEN that we are applying to the Commissary Court of the diocese for permission to carry out the following:

Installation of Broadband to enable internet access to all parts of the building. This involves a setting up a wireless connection between a transmitter on the outside wall of the Rectory and a receiver on the outside wall on the south side of the church building. No permanent installation work is required and internal cables follow existing cable routes. An external cable linking WiFi router to a booster in the extension attached to the main building runs across the pitched roof, pulled taught against the bell tower to ensure it is barely visible

Copies of the relevant plans and documents may be examined at

St John the Baptist Church, Tunstall
