

God our rock, our fortress and our saviour,
you are the place of safety where the frightened may shelter and the wounded are held.
Guide us, your church, throughout this Safeguarding Audit and beyond,
That we may be strong to protect the vulnerable,
honest where we have failed,
and patient in listening to those who have been harmed.
Draw near to all who carry hidden wounds,
that they may find healing in your unfailing love,
through Jesus Christ our Saviour.
Amen.

Prayer from the Church of England
